

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBa0723/P1dn
RCT:wlj:jf

August 15, 2013

Katherine Bates:

This is a preliminary draft of the amendment to Assembly Bill 230. Please review the draft carefully. The instructions were not specific in all respects, so I may not have accurately captured your intent.

There are many different approaches limiting civil liability. One option would be to provide that if DATCP promulgates rules on rehabilitating dogs, a rehabilitator would not be immune if he or she failed to comply with the rules. We can discuss this and other approaches if you wish.

Please contact me with any questions or redraft instructions.
